WORDS FROM THE

WIZARD

Welcome to issue #8 of TARG zine – our monthly publication which exists to entertain our friends/patrons with humour and fun while informing you of our plans and dreams, future shows, exciting games and the killer artistic scene which grows within our community.

Each month the amazing staff at House of TARG and our friends/colleagues contribute their creative ideas/input (often over late night pinball sessions) to the zine and every month we enjoy a great feeling of accomplishment and pride when reading the final edit. We thank you all for your interest and dedication to our unfolding story – this adventure is like no other, full of growth, adaptation, imagination and of course tons of hard work. We would also like to thank our friends and sponsors who make this publication possible logistically and financially – your help is well appreciated. We've got a lot of work to do and a ton of wicked fun to get to – dig in and enjoy!!

WE WRESTLEFEST FOR KIDS

FOR THE ENTIRE MONTH OF NOVEMBER ALL QUARTERS PUMPED INTO WRESTLEFEST WILL BE DONATED TO A COOL CHARITY CALLED MUSTACHES FOR KIDS (M4K).

They grow lip hair to raise money for the Make-A-Wish Foundation. Since 8 of the 10 selectable characters in WrestleFest are afflicted with facial hair, we thought we would lend some of our arcade moustache power to this great cause. The Ottawa chapter of M4K has been growing since 2005 and has raised over \$150,000. Amazing.

SO YOU'RE THINKING ABOUT GROWING A MOUSTACHE, EH?

Growing a moustache is not a decision to take lightly – you've gotta think this thing through before you sit down and start churning one out!

ARE YOU SURE THIS IS THE RIGHT LOOK FOR YOU?

Believe it or not, there's significant downsides to having facial hair. A 'stache will definitely make you look older. Now of course, if you're 15 and trying to score a case of beer, sporting a "dirt squirrel" will really do the trick! But if you're like me, you don't need anything to make you look any older! And what if it turns out you don't have that manly, thick, luscious facial hair like Stalin or that guy in Husker Du? What if it's thin, patchy and vaguely pervy like Prince or Johnny Depp? You'd better make sure you can 'pull it off'... or you'll be shaving it off!

YOU'RE DETERMINED TO GIVE IT A SHOT – HOW TO START?

Well, you've only got two choices, kid. When I decide to get funky and grow a "snot-mop", I hide out in my parents' basement for a month and then trim whatever I've got into something I can bear to be seen with. The other option is to stop shaving the part you think you want to keep and hope your friends and co-workers won't start asking questions. It's a gamble. But hey, that brings us to #3...

YOU'VE GROWN A PRETTY COOL "COOKIE-DUSTER"

You're a moustache kind of guy. You've proven yourself a gambler. You're the kind of guy who says: "To hell with the squares! I've got a moustache and I don't give a hoot what The Man thinks!" Congratulations! Now get out there, stand tall and show the world your "womb-broom"!

SKA JEFF'S

HI FIVES

THE MUSIC INDUSTRY IS FULL OF POSERS WHO PLACE FASHION
FIRST BUT FORTUNATELY THERE ARE EXCEPTIONS.
HERE A MY TOP 5 FUNCTIONAL MOUSTACHES IN ROCK.

#5 DEREK SMALLS - SPINAL TAP

He wears a mega thick crumb catcher. Having access to
remnants of past sandwiches is ideal if you often get trapped in
a stage prop.

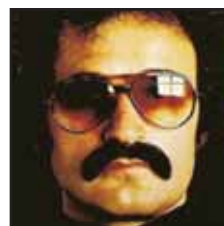

#4 MERLE ALLIN

When your brother is GG Allin you have no choice but to
go full tilt with your mouser. Merle's take on the "forbidden"
moustache is a bold statement but I'll bet the poor bastard
hasn't enjoyed the delights of soup in years

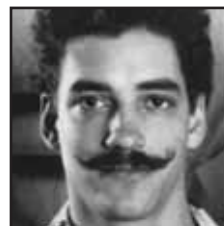

#3 BA JOHNSTON

This guys is constantly on lonely Canadian highways, playing
one town to the next. His Celibacy stache keeps him on the
straight and narrow so he can focus on his craft... performing
music & and shopping for sweaters.

#2 GIORGIO MORODER

This influential italian musician/producer harnessed the
cheesiness of his nose bug to power analogue synthesizers
and pioneer dance music.

#1 GREG NORTON - HUSKER DU

Arguable the most perfect moustache in Rock. It was also
functional though. What else can you do when your band
mates are constantly fighting but twirl you tea strainer.

UNDERCOVER WIZARD BOSS

YEAH, I SNUCK INTO TARG ON A RAINY SATURDAY MORNING TO DO SOME SERIOUS UNDERCOVER RECON WORK - I'VE BEEN CURIOUS ABOUT HOW THIS RUSTIC BRUNCH IDEA WOULD UNFOLD AND WANTED TO HAVE SOME FUN...

When I woke up I unbolted the bottom half of my legs (at the knee) and after re-attaching my feet I had shrunk by a good 2 feet.

After swapping out my standard voice box for a more high pitched model I set to aging myself by a good 20 years, this took around 20 minutes of intense concentration but the end result was worth it. I knew that wizards are notoriously difficult to fool so the next step was to mask my natural scent with something that they would never suspect, I settled on a knapsack full of smoked herring and topped it off with 5 cloves of raw garlic mixed into a small pot of warm roofing tar. After attaching a pair of high powered binoculars to my forehead (using a mixed array of Meccano toys) I realized that I needed a really sweet hat - luckily I had just received such a hat two weeks prior from a close friend who's head no longer required coverage (due to the fact that he had decided to become a duck) this hat would be perfect, it was actually more like 4 hats in one, built on a rotating platform and guided by a compass.

Jennie Lynn MacDonald's illustration of Undercover Yogi. Wizards cannot be photographed while in shape shifted states.

I finally settled on a beige safari suit that I had been itching to wear ever since my unfortunate business with the Grabo Grabo tribe. I slipped on my octopus shoes and climbed out on the roof of my house - the roller coaster would be by at any minute and I didn't want to be late - it only comes by twice a day. Grabbing the captain's arm as he comes flying by is always a challenge but today was perfect, I even pulled the rope at just the right time and only had to walk backwards 3 blocks to get to the front door of House Of TARG.

No one recognized me. Brunch was great. - Wizard Yogi

WWW.HOUSEOFTARG.COM

It has now been seven months since House of Targ Pinball & Perogies has graced this fine city, and Targ has dedicated each Sunday to free-play pinball and arcade games from 9pm to 2am! That's 30 Sundays by the time this zine comes out! While the bartenders are happily hydrating the Targarians, the cooks are passionately slinging perogies, and the Wizard is diligently keepin' the games in check, someone else is hard at work concocting their own special brew... OF JAMS!

Along with his special guests; DJ KJMAXX makes up TOUGHEN UP! Ottawa's only weekly ALL-VINYL ALL ROCK & ROLL DJ night. Each song of is meticulously selected to inspire the gamers to reach whole new levels success and high scores! Since House of Targ is Canada's best Arcade Bar, KJMAXX always slips in tracks of the best Canadian rock, garage, new wave, punk and metal. Canadian Radio refers to it as CAN-CON. KJMAXX would like to share with you now (in no particular order) 20 CAN-CON jams that he feels capture the true essence of TOUGHEN UP! and ARCADE LIVIN'!

1. THOR - KEEP THE DOGS AWAY

The Canadian god of metal (self proclaimed) It ain't metal, but K.T.D.A. sure is a ballsy heavy rock jam with a hard glam beat.

2. APRIL WINE - ROLLER

The WINE is responsible for a ton of CAN-CON hits. 1978's ROLLER seems like it was made specially to be cranked up full blast in Canadian roller rinks and pinball arcades across the land.

3. VILETONES - SCREAMING FIST

Toronto 1977 Punk perfection. This is the jam that plays when Ryu or Ken toss a screaming blue haduken flame in *Street Fighter 2*.

4. RUSH - I. 2112 OVERTURE II. THE TEMPLES OF SYRINX
Rock geniuses Rush predict a dystopian future where music is abolished. Maybe because bands like Rush kept making 30 minute rock songs. Jokes aside. The first 2 'movements' of 2112 are so good.

5. BUREAUCRATS - GROWN UP AGE

Ottawa's homegrown heroes of 70s punk rock. The A-side of their only 45.

6. FIRST BASE - I'M A STRANGER

This infectious pop jam was recorded here in Ottawa by Targ's own Yogi! I'll hype this band this the day I die.

7. PINBALL SUMMER - PINBALL SUMMER SOUNDTRACK

Pinball Summer is a 1980 summer romp about pinball playing teens and their hilarious misadventures. It's all parties, pools, pick-ups, but most of all pinball! The soundtrack was performed by Montreal duo Jay Boivin & Germain Gauthier. Some Sunday nights you might even see it playing in Targ on the big screen!

8. TROOPER - RAISE A LITTLE HELL

In Ottawa we don't just raise hell on a Sunday, we raise a *little* hell.

9. NICK GILDER - SHE'S ONE OF THE BOYS

From the same dude that brought us Roxy Roller. This is the kinda jam that Toughen Up is built upon. City rock with a studded leather glove, but underneath is a soft delicate hand.

10. FM - PHASERS ON STUN

A 70s synth-based Can-Con hit complete with synth lasers. Perfect sound effects for blasting your opponents in *Tron*, or *Star Trek Pinball*.

11. SEDATIVES - CANNOT CALM DOWN

Toughen Up DJs know all about not being able to *calm Down*. One of the finest 45s to come out of our city.

12. COLD WARPS - STUCK ON A ISLAND

East coast snotty pop-punk executed to pure perfection.

13. SIMPLY SAUCER - HERE COME THE CYBORGS PT.1

Pysch pre-punk weirdos Simply Saucer and *Terminator Pinball* will illustrate to you that the Cyborgs are coming. But it's up to you to stop 'em.

14. STAMPEDERS - JOHNNY LIGHTNING

Calgary's *Stampeders* are no strangers to the county fair circuit. From what I understand, Johnny Lightning is like the Canadian Johnny B. Goode. But more badass.

15. HELIX - ROCK YOU

"Helix was a wicked concert. I sold a lot of dope at that concert. They had good lyrics like, "Gimme an R-O-C-K", and the crowd yells "ROCK" really loud. Now that's a f*kin' concert! Rush just don't do stuff like that. They got these lyrics about how trees are talking to each other and how different sides of your brain works, or outerspace bullshit." - Ricky (*Trailer Park Boys*)

16. POINTED STICKS - LIES

No lies, Vancouver's *Pointed Sticks* are the undisputable kings of CAN-CON power-pop.

17. BATTERED WIVES - EVERYBODY LOVES A LOSER

It doesn't matter if you lose, everybody loves Free-Play. Toughen Up is all about toughening your skills, and workin' toward being the best!

18. TRIUMPH - I LIVE FOR THE WEEKEND

Those who truly live for the weekend, squeeze it for it's every last drop. That's why they come to House of Targ on Sunday nights!

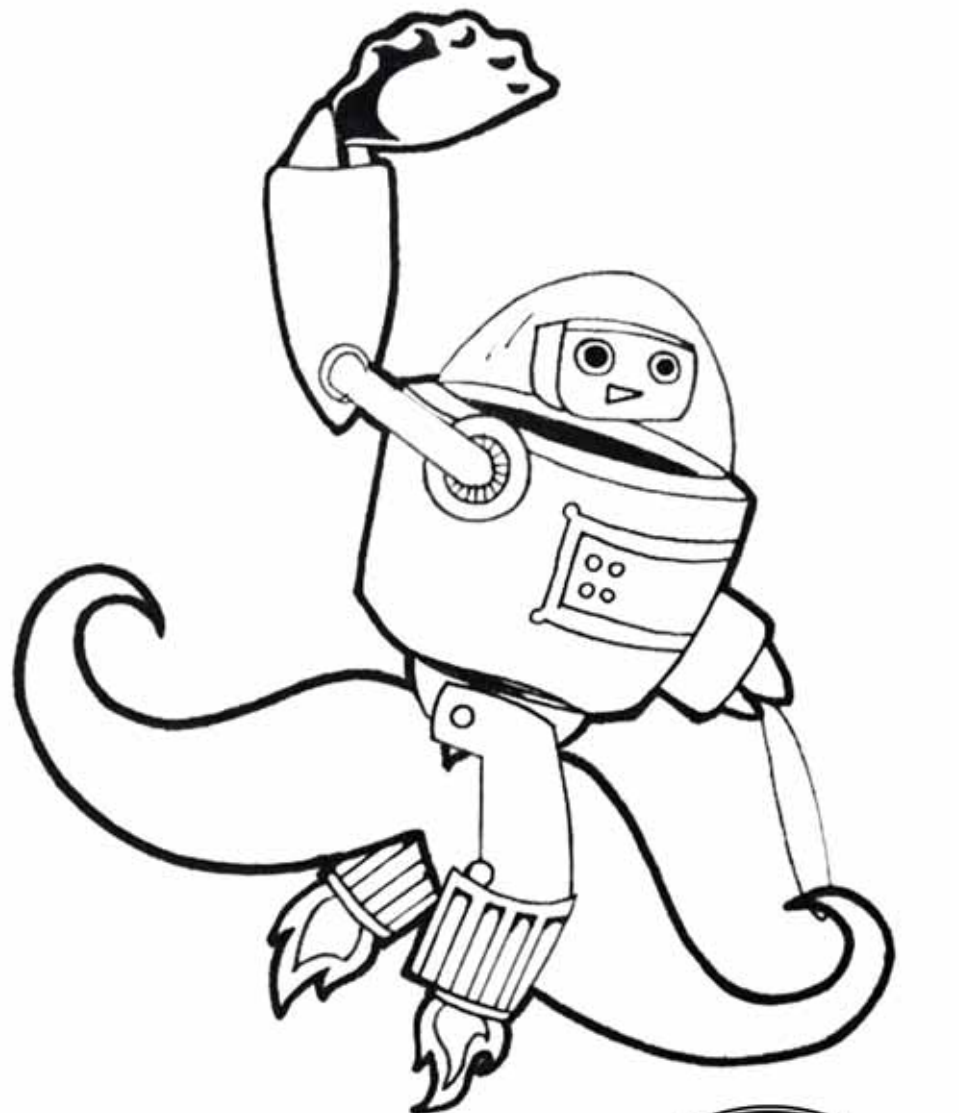

19. DIODES - TIRED OF WAKING UP TIRED

Great band and great tune, if only they had known about how Toughen Up makes waking up tired fun again!

20. S.N.E.U. - GET OFF YOUR ASS

... and come out to TOUGHEN UP! each and every Sunday!

Written by a very tired KJMAXX, between the hours of 12am-2am.
